BlueHorizon™

The better flatbed electrophoresis system

The better flatbed electrophoresis system

HPE™ BlueHorizon™

- Best to perform horizontal isoelectric focusing (IEF)
- Best to perform horizontal 2D electrophoresis
- Best to perform horizontal native PAGE
- Best to perform horizontal SDS PAGE
- Low buffer consumption
- Efficient cooling for high resolution
- Stackable (up to 4 units)
- IQ/OQ/PQ documentation (optional upon request)
- 5 years warranty (optional upon request)
- BluePower Control Kit for monitoring of electrophoretic run
- Precast gels for many applications in horizontal electrophoresis
- Replacement of MultiPhor™ II
